

Saturday Training Event Description

Saturday Training Events, hosted on the same weekend as Sunday Fundays, are a shortened version of a day in our Summer Program; making them a great way to get a near-complete experience of how our program is run! Running from 10 AM-3 PM, mornings are spent with in-depth rigging instruction and an on-the-water drill to have students fine-tune their skills. A lunch break is held on land, followed by an afternoon session of free-sail and games! Per diem fee is \$50, but Juniors with an annual membership receive this instruction at 50% off! Reach out to our junior's email address youthsailing@venturayachtclub.org with any other inquiries regarding the county's best sailing and racing program!
